Personal Choice®, our popular Preferred Provider Organization (PPO), gives you freedom of choice by allowing you to choose your own doctors and hospitals. You can maximize your coverage by accessing your care through Personal Choice's network of hospitals, doctors, and specialists, or by accessing care through preferred providers that participate in the BlueCard® PPO program. Of course, with Personal Choice, you have the freedom to select providers who do not participate in the Personal Choice network or BlueCard PPO program. However, if you receive services from out-of-network providers, you will have higher out-of-pocket costs and may have to submit your claim for reimbursement.

This summary represents only a partial listing of benefits and exclusions of the Medical Program described in this summary. If your employer purchases another program, the benefits and exclusions may differ. Also, benefits and exclusions may be further defined by medical policy. As a result, this managed care plan may not cover all of your health care expenses. Read your contract/member benefit booklet carefully for a complete listing of terms, limitations, and exclusions of the program. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.ibx.com/SGBooklet or call **1-800-ASK-BLUE** (TTY: 711).

Benefits may be changed by Independence Blue Cross to comply with applicable federal/state laws and regulations.

Certain services require preapproval/precertification by the health plan prior to being performed. To obtain a list of services that require authorization, please log on to <http://www.ibx.com/preapproval> or call the phone number that is listed on the back of your identification card.

- 1 Benefits will be provided for Covered Drugs and medicines appearing on the Drug Formulary. To check the formulary status of a drug or view a copy of the most recent formulary, log onto www.ibx.com.
- 2 When a prescription drug is not available in a generic form, benefits will be provided for the brand drug and you will be responsible for the member cost sharing for a brand drug. When a prescription drug is available in a generic form, benefits will be provided for that drug at the generic drug level only. If you purchase a brand drug, you will be responsible for paying the dispensing pharmacy the difference between the negotiated discount price for the generic drug and the brand drug plus the appropriate member cost sharing for a brand drug.
- 3 Maintenance medications may also be available for up to a 90-day supply at participating Act 207 Retail pharmacies for the same mail order member cost sharing as indicated above.
- 4 Mail order cost-sharing for 1-30 day supplies is equal to the in-network retail cost-sharing. Up to a 90-day supply of drugs to treat chronic conditions also available at Rite Aid.

This summary represents only a partial listing of benefits and exclusions of the Prescription Drug Program described in this summary. If your employer purchases another program, the benefits and exclusions may differ. Also, benefits and exclusions may be further defined by pharmacy policy. As a result, this program may not cover all of your health care expenses. Read your contract/member benefit booklet carefully for a complete listing of terms, limitations, and exclusions of the program. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.ibx.com/SGBooklet or call **1-800-ASK-BLUE** (TTY: 711).

Certain designated preventative medications will not be subject to any cost-sharing or deductibles, but will be subject to the terms and conditions of your benefits contract. Refer to your summary of benefits, member handbook, and/or benefit booklet to determine if your plan includes 100 percent coverage for in-network preventive services.

Any prescription refilled in excess of the number of refills specified by the physician, or any refill dispensed after one year from the physician's original order are not covered. Devices or supplies except those specifically listed under covered drugs are not covered.

The network required for this plan is the Preferred Pharmacy Network. The Preferred Pharmacy Network is a subset of the national retail pharmacy network, including most major chains and local pharmacies except Walgreens. Out-of-Network benefits apply to prescriptions filled at Non-Preferred pharmacies and you must pay the full retail price for your prescription then file a paper claim for reimbursement.
